Dear General Minter:

It was a pleasure to meet with you on November 12th and to have the opportunity to gain your perspectives on the challenges we face in Central Europe. The briefings and demonstrations provided by your staff were most helpful to all of us in gaining a better understanding of areas where US national intelligence can improve its contribution to Alliance security. We will be addressing the issues identified from this end in the weeks to come.

Please pass my appreciation to all concerned with our visit. I shall drop a special note to General Perroots for his outstanding presentations.

Sincerely,

William J. Casey
